

ADP CASE STUDY

Large Enterprise Industrial Manufacturing Company

Introduction

This case study of a large enterprise industrial manufacturing company is based on a May 2022 survey of ADP customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

Challenges

Business reasons that led the surveyed company to evaluate and ultimately select ADP:

- ADP's ability to meet their global payroll requirements

Use Case

When asked to rate each of the following aspects of ADP, the surveyed company responded with 'Good' for all the points listed below:

- reporting capabilities
- customer support
- implementation
- product functionality
- integration with other third-party systems
- ability to meet compliance regulations
- user interface / user experience
- payroll accuracy

Results

The surveyed company achieved the following results with ADP :

- More efficient in processing our payroll
- Statements which apply to the surveyed company:
 - The ADP team understands our business and works in partnership with us
 - ADP helps quickly identify problems and resolves them in an efficient and timely manner

Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.

Company Size:
Large Enterprise

Industry:
Industrial Manufacturing
