

Global 100 Banking Company

Introduction

This case study of a Global 100 banking company is based on a June 2023 survey of Frost & Sullivan Virtual Think Tank Thought Leader participants by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

“I overall had a very good experience chatting with fellow peers working in a similar space to me, who had different perspectives and exposure to the industry. The value for me was hearing the different perspectives and generally where people thought the sector was heading.”

“Good experience and overall some good depth to the conversation met/exceeded expectations for a short 1hr think tank.”

“It brings together professionals with similar but different backgrounds.”
