

## Middle Eastern Company Increases Performance 75% in Its Network

Jordan-based General Computers & Electronics (GCE) confirms it deployed and uses A10 Thunder ADC, Thunder CGN, Thunder TPS, Thunder CFW, Thunder CFW, Thunder SSLi, and Lightning ADC. The results of its deployment are:

- Increased network performance 75% or more
- **Lowered OpEx 50-74%**
- Lowered CapEx 25-49%
- Achieved ROI in 9-12 months
