★★★★★

5/5 Stars

Please describe why you selected solutions from A10 Networks and the value that you have realized:

> " We chose the A10 over the F5 for its features being more similar to the ACE 4710. It was *easier to deploy and maintain and the learning curve for me was very small*.

Would you recommend A10 Networks Thunder Series, and if so, why?

> " Currently, we are using the A10 for SSL offload and loadbalancing. The Thunder product **has far exceeded the performance** of our ACE 4710.
