

A10 Thunder Series Improves Security and Availability

5/5 Stars

Please describe why you selected solutions from A10 Networks (advanced features, lower TCO) and the value that you have gotten from them (application performance, better security).

“ SSL Offloading and WAF (wide application firewall) was a requirement to provide better security.

Would you recommend A10 Networks Thunder Series, and if so, why?

“ The A10 Networks Thunder products and its high availability (HA) work very well, which allows us to do maintenance, i.e., firmware upgrades, reboots, without impacting production.
