

# Midwest Premier Medical

## Introduction

This case study of Midwest Premier Medical is based on a July 2021 survey of Emburse Abacus customers by TechValidate, a 3rd-party research service.

“Emburse Abacus has freed up time for me to focus on growing my business instead of being stuck in the minutia.”

- Abdul Zubaid, Owner

## Challenges

After struggling with spreadsheets for expense management, Midwest Premier Medical found it was spending too much time on manual data entry and lacking the resources needed for auditing expense reports and ensuring policy compliance. Knowing it was time for a change, this led to the evaluation and selection of Emburse Abacus to provide an automated expense management solution that would help implement its vision and meet the business’s evolving needs.

## Use Case

Since implementing Emburse Abacus, the team at Midwest Premier Medical has found the Abacus mobile app and integration capabilities with top accounting and bill pay software to be extremely useful features.

## Results

**Emburse Abacus’s automated expense management solution has allowed Midwest Premier Medical to see key improvements over their previous manual solution in the following areas:**

- Ensure policy compliance
- Reimburse its employee expenses faster
- Proving and easy to use and learn solution for employees
- Saving the team time and reducing errors by automating manual tasks
- Providing better oversight and visibility into cash flow and employee spend

**Since switching from spreadsheets to Emburse Abacus, Midwest Premier Medical saw a return on their investment in less than one month and the average time to process an invoice (from receipt submission to payment) has since been reduced by 11-20 days.**

Abacus’s automated expense management solution is helping Midwest Premier Medical to overcome previous roadblocks such as better predicting employee spend, providing more visibility into cash flow, and enforcing spend policy.

Automating previously manual tasks has allowed the team at Midwest Premier Medical to focus on more strategic work while providing its end-users with a best-in-class experience.
