

ADP Australia

What our clients are saying

5/5 Stars

Why they gave ADP this rating:

We have been using Payforce since 2000 and are very pleased with the way the system works.

How their organization uses ADP:

Weekly, fortnightly and monthly pay runs. We use EPS for our external payments – PAYG, Super, Child Support etc. We have integrated the Emplive time and attendance system with Payforce, which works much better than our old time and attendance system. Employees access pay slips via ADP website.
