

BLUEJEANS EVENTS CUSTOMER FACT

Finastra was led to select BlueJeans Events because of the robust event tool that could accommodate larger audiences, audience interaction and engagement tools (polling, Q&A, hand raising, etc.), the join from any endpoint capabilities (e.g., mobile, laptops, conference rooms), a solution to better manage the on-screen audio, video, and presenter experience (e.g., moderator dashboard), event assistance options for before, during, and after Events, and unlimited event recording and sharing.
