

4.5/5 Stars

How our organization uses BlueJeans Network:

Our organization has been working remotely for over a year now and having a reliable platform for online meetings is crucial to run our business successfully. BlueJeans allowed us to do just that!

Would you recommend BlueJeans Network?

I would recommend BlueJeans to anyone who is looking for a tool that is reasonably priced without having to compromise the quality of its service. For example, a much better and also cheaper option compared to Zoom.
