How our organization uses BlueJeans by Verizon:

We use BlueJeans for internal meetings as well as customer meetings. We i-frame it into our event management portal for customer virtual trade shows, conferences, and events. BlueJeans keeps attendees on the platform vs. having to use an external link

Would you recommend BlueJeans by Verizon?

BlueJeans makes our Cloud Conventions (virtual events, conferences, and trade shows) much easier for our customers. We integrated with the video platform using the BJN API.
