

I am the administrator for Bluejeans for the bank. I manage, educate and advocate Bluejeans for all our online client and prospect presentations as well as staff town hall presentations. I've been highly recommending this to all business units and training other administrators to get familiar with the technology and its capabilities. We can't use Skype outside our Rabo network, so Skype wouldn't work if we tried to connect with external clients. We have saved on travel. We can provide presentations and draw on our global expertise (offshore) to provide knowledge without having to fly them to Australia.
