

Case Study: Datanin Ltd

Introduction

This case study of DATANIN LTD is based on a September 2014 survey of CA Technologies API Management customers by TechValidate, a 3rd-party research service.

“The CA API Gateway gives more transactions, and is more secure.”

Challenges

- The following types of mobile apps are top priorities:
 - Business line
 - Healthcare
- securing the entire mobile channel is their biggest mobile challenge.

Use Case

- Supports <100k mobile customers.
- Supports >10k mobile employees.
- The API gateway helped support their mobile initiatives by:
 - Secured apps while optimizing user experience
 - Secured the app to the API

Results

- improved their ability to manage their developers' access to approved APIs with their implementation of the CA API Developer Portal.
