

Emburse Chrome River Helps Global Organizations Increase Efficiency

Don Koubsky, Business Project Manager at CSG international, recommends Emburse Chrome River for all organizations:

Emburse Chrome River provides all the global, enterprise feature functionality CSG needed from an expense management platform at a **very competitive price point**. Utilizing Chrome River allowed us to expand upon processes, extend service to more employees, and generally improve the expense management experience in areas where **we were limited by our previous vendor, Concur.**
