Chrome River Helps The University of New Mexico Let Business Flow

★★★★★

5/5 Stars

How our organization uses Chrome River by Emburse:

> " I am a Chrome River user for PCard Recon's and Reimbursements. My main role though is System Administrator for Chrome River. I support our users with questions and I edit our entities, approval groups, rules, and reports via the admin screens.

Would you recommend Chrome River by Emburse?

> " Chrome River is an easy tool users can use on day one of their job. In our previous process users had to get training and access which could take a week or two after their first day. In short, new employees can start working day one!
