

Elavon Merchant Services

Introduction

This case study of Elavon Merchant Services is based on a September 2016 survey of Cisco Stealthwatch customers by TechValidate, a 3rd-party research service.

“Stealthwatch protects my previous investments by allowing me to do more with my existing security tools.”

“Stealthwatch has dramatically improved my organization’s security posture.”

“Stealthwatch has helped Elavon increase visibility of our network’s edge points by 75 percent and it does a wonderful job in helping us to detect traffic anomalies in a few minutes. It has saved us lots of money, but more importantly, it helps us to maintain our priceless reputation as a very secure financial services company!”

“I love Stealthwatch because it makes security easier!”
