

Deloitte & Touche

Introduction

This case study of Deloitte & Touche is based on a September 2016 survey of Cisco Stealthwatch customers by TechValidate, a 3rd-party research service.

“Stealthwatch protects my previous investments by allowing me to do more with my existing security tools.”

“Stealthwatch has dramatically improved my organization’s security posture.”

“Stealthwatch provides industry-leading network visibility and security intelligence. It gives you a single view into the lateral movement of traffic in the network and the ability to satisfy regulatory requirements.”

-Naveen Varma Chintalapati, Chief Technology Officer, Deloitte & Touche
