Please describe the benefits that you realized from taking a Citrix training course or obtaining a certification.

“ Management’s confidence in my decision making.

What would you tell to someone considering taking a Citrix training course?

“ If you have been working in the Citrix field for a couple of years, or for over 20 years as I have, no matter how much you know, Management will have more confidence in your skills and decision making capabilities if you have that certification to back you up.
