Please describe the benefits that you realized from taking a Citrix training course or obtaining a certification.

The interactions with the instructor were great, and the study guides were on point. The classroom was lively and we shared tips on how to pass the exam, how to troubleshoot common problems in the Citrix deployments as well.

What would you tell to someone considering taking a Citrix training course?

Enjoy the sessions and learn as much as you can. Citrix is a great product that needs well-trained personnel in order to realize the great potential of the product.
