

“When working in an IT company with 100 different documentations and design documents, it is nice to have Confluence as your “go to” place. Confluence is the place you to to find what you are looking for — it’s almost an internal search engine. Confluence is our “single source of truth” which is helpful when you are under time pressure and working fast.”

— Edin Ćeman, Co-Founder, HiGroup d.o.o.
