

Bryan County Schools – Georgia

Introduction

This case study of Bryan County Schools is based on a June 2016 survey of Crisis Prevention Institute customers by TechValidate, a 3rd-party research service.

“CPI provides exceptional customer service. Furthermore, CPI does an outstanding job of keeping Certified Instructors linked in with a community of other instructors around the world.”

“CPI improved staff de-escalation skills, improved overall safety, and has become ingrained in our training.”

“Using CPI training has led to improved student outcomes because of an increase in direct instruction time (for instance, test scores, student grades, graduation rates, etc.).”

“CPI has improved the way teachers interact with students, which improves school climate and increases student engagement. These improvements have a direct correlation to student achievement and post-secondary success.”
