

Medium Enterprise Health Care Company (Massachusetts) and Dementia Capable Care Training

Introduction

This case study of a medium enterprise health care company is based on a September 2016 survey of Crisis Prevention Institute customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

“DCS offered interactive, helpful courses.”

“DCS has improved staff skills in promoting positive behavioral responses with clients.”

“DCS gives our facility a competitive edge which yields a solid marketing advantage.”

“DCS improved communication skills, offered helpful strategies to use with patients, and improved understanding of patients.”

Challenges

- Sought DCS training and consulting to:
 - Meet regulatory compliance

Environment

- Describes their memory care environment as a home health / private-duty homecare agency

Results

- Improved their dementia care practices by 25–49%.
- Using DCS training resulted in:
 - Improved provisioning of person-centered care
- Achieved return on their investment with DCS by:
 - Improving staff skills and confidence in managing challenging behaviors

Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.

Company Size:
Medium Enterprise

Industry:
Health Care
