

# Elko County School District – Nevada

## Introduction

This case study of Elko is based on a June 2016 survey of Crisis Prevention Institute customers by TechValidate, a 3rd-party research service.

“Nonviolent Crisis Intervention® is a great training program!”

“CPI improved staff de-escalation skills, improved overall safety, and has become ingrained in our training.”

“The increase in direct instruction time through CPI has led to improved student outcomes (Examples include: test scores, student grades, graduation rates, etc.).”

“By working with CPI, our staff is far more confident and comfortable in dealing with difficult behaviors.”

## Challenges

- Sought Nonviolent Crisis Intervention® training to:
  - Improve staff confidence in working with challenging student behaviors
  - Improve staff skills in managing behaviors

## Environment

- Categorizes their school as:
  - A rural school
  - A public school
  - A special education school
  - A general education school

## Results

- Reduced challenging / disruptive behaviors by 40–49% since implementing CPI de-escalation techniques.
- Decreased the use of physical restraint and seclusion by 75–99% since implementing CPI training.
- Agrees that the enhanced content has helped them, their staff, and their school.
- Achieved return on investment with CPI by:
  - Meeting regulatory compliance
  - Improving staff skills and confidence
