

4/5 Stars

Please describe how your organization uses Crisis Prevention Institute.

We use CPI to train selected teams in all of our buildings. We also train unit staff (teachers, paras, etc) as well as all administrators. CPI and PBIS are tied together now so we are looking to possibly expand the verbal component. We have had to remind staff it isn't "restraint training" – the majority of the program is about not getting that far!

Would you recommend Crisis Prevention Institute, and if so, why?

Yes – it is clear, concise and about the safety of both staff and students.
