

4/5 Stars

Please describe how your organization uses Crisis Prevention Institute.

We are a public school district and we train staff working with at-risk populations to decrease behavioral issues and maintain a safer overall environment

Would you recommend Crisis Prevention Institute, and if so, why?

Yes, the verbal de-escalation techniques are effective and offer a common language. Disengagement is also safe and effective. Organizationally, time needs to be provided for on-going practice since physical interventions are not used regularly.
