Please describe how your organization uses Crisis Prevention Institute.

“ We use CPI regularly. It’s written in student’s behavior plans and IEPs to use verbal de-escalation skills and to only utilize physical safety interventions when needed.

Would you recommend Crisis Prevention Institute, and if so, why?

“ I would recommend CPI to organizations to be able to add to the safety of staff and students as well as to increase their confidence when working with others. I have found that even teaching parents some verbal de-escalation skills is ideal so that what’s being used at home is being used at the school and vice versa.
