

4.5/5 Stars

Please describe how your organization uses Crisis Prevention Institute.

We train all staff at some level of NCI. Some just get an overview with the emphasis on non-verbal and verbal interventions, other we add in dis-engagement techniques and with paras, pupil services, special education staff and administration get the full class. Staff need to take it every two years.

Would you recommend Crisis Prevention Institute, and if so, why?

That when you set up at class that he data (participants and emails) auto load into the class documentation. It is pain having to set up the class then re-type everything into the documentation.
