

5/5 Stars

Please describe how your organization uses Crisis Prevention Institute.

Our school system provides CPI nonviolent training for new teachers, staff; with a focus on those providing support for students with special needs.

Would you recommend Crisis Prevention Institute, and if so, why?

CPI training enables teachers to feel confident to support their students, even when behaviors are moving toward physical risk behaviors.

A confident teacher is empowered to keep their students safe, so that the focus can be on learning.
