

4/5 Stars

Please describe how your organization uses Crisis Prevention Institute.

My organization is seeing the necessity of good aggression management training (CPI), which I have put together as an effective educational experience and demonstrated the use of these skills in real-time to floor staff who see how it can be used for effective ad quality treatment of patients.

Would you recommend Crisis Prevention Institute, and if so, why?

Yes. I have demonstrated in two separate agencies that using CPI effectively will decrease seclusion and restraints as well as improve staff confidence and patient and staff safety.
