Please describe how your organization uses Crisis Prevention Institute.

We use it to train staff so that we can all share the common language around how to meet students where they are at. We also use the COPING framework for all our debriefs after a crisis – it's been extremely helpful.

Would you recommend Crisis Prevention Institute, and if so, why?

Yes – it's an excellent training that really focuses on the needs of the student.  
It promotes professionalism and teamwork amongst the staff to meet the needs of our students.
