

Camela Dorsey, a Security Professional at Ochsner Foundation Hospital, would be very likely to recommend Crisis Prevention Institute for this reason:

One of the reasons I gave the Crisis Prevention Institute a 10, is because: in my experience as a CPI instructor, I have become a more caring and productive individual as a result of teaching CPI. Being on the other end of the teaching experience, is not as fulfilling as being an instructor, in my opinion. Becoming a CPI Instructor 8 years ago, was one of the best things that ever happened to me.
