

4.5/5 Stars

How our organization uses DrFirst:

We use Rcopia4 to provide e-Prescribing to behavioral healthcare providers.

Would you recommend DrFirst?

Overall, DrFirst has provided us with a robust solution that providers like. The highest compliment for an e-Prescribing solution is that the IT staff does not hear complaints from doctors and DrFirst has broadly achieved that. The PDMP integration has also been excellent in the states that have implemented it.
