

5/5 Stars

What is the largest benefit to your financial institution that has come out of the GreenPath partnership?

Debt management plans that help the member as well as the credit union to collect on debt. Great partner to help us with our mission of helping our members improve their financial life. GreenPath also has counselors available that speak different languages, thus helping those members that prefer to speak in their native language such as Spanish. I also love their partner portal full of great resources to use.
