

4.5/5 Stars

Gusto is just more streamlined than my previous payroll provider. It's something I deal with for 20 minutes twice a month. Before, things would always pop up that needed attention between payrolls. Gusto helps me by taking care of the minutia so I can focus elsewhere.

Gusto was the first platform that offered real PPP assistance. We got our loan in the first round because of that. That and the ease of use makes me a happy customer.
