

5/5 Stars

I love Gusto's dashboard and how easy the site is to navigate. I haven't used a payroll provider before, but I recommend Gusto to all of my colleagues starting their own companies. I also really appreciated and respected how Gusto offered payment pauses during Covid-19 and the increased resources provided for PPP and other pandemic assistance programs. It made me confident in my ability to apply for the PPP, and it also showed me the humanity in Gusto's core values.
