

5/5 Stars

Prior to owning my own firm, I ran payroll through QuickBooks for previous employers. It was super time consuming and prone to many errors. I also had an experience with Paychex. They made many errors. When I started my bookkeeping firm, I wasn't even offering payroll because I couldn't stand it. Then Gusto came along and I am in LOVE!!! Keep up the amazing work you are doing, Gusto Team. You are truly valued!
