Gusto makes it so easy for our employees to enroll, make changes, and ask questions. Gusto's automated system makes the entire process so much better for everyone and it took all of the administrative burdens away from me. When a new employee started work, we were required to fill out an 11-page paper form with our previous benefits provider. In this day and age, that is crazy! Employees also did not have the visibility into their plans or the ability to make changes, so that became my task as the payroll and benefits administrator. Now, everything is through Gusto and it is very transparent and seamless.
