

Lead Generation Programs Helped Increase Opportunity Pipeline by \$500K – \$1MM

Introduction

This case study of a small business marketing & advertising company is based on a June 2022 survey of HIMSS customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

Challenges

The business challenges that led the profiled company to evaluate and ultimately select HIMSS:

- The challenges they face (or would have faced) conducting their own LEAD GENERATION campaign(s):
 - Inability to reach buyers and influencers in target audience
 - Inability to generate qualified leads
- The top reasons that contributed to them partnering with HIMSS for LEAD GENERATION:
 - Generating qualified top-of-funnel leads
 - Ability to target growth accounts/opportunities
 - Strengthening connections with key decision-makers and targeted influencers
 - Increasing engagement with current customers

Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.
