

# Small Business Computer Software Company

## Introduction

This case study of a small business computer software company is based on a November 2022 survey of Ranorex customers by TechValidate, a 3rd-party research service. The profiled company asked to have their name blinded to protect their confidentiality.

“We have experienced a positive impact by using Ranorex Studio, however, I am not sure we have tapped into the full power of the product to discover other ways to implement it into our processes.”

## Challenges

The business challenges that led the profiled company to evaluate and ultimately select Ranorex:

- Before using Ranorex, the challenges they had in testing their application:
  - Test coverage: average challenges
  - Test reporting: average challenges
  - Staffing: average challenges
  - Flaky or unstable tests: average challenges
  - Meeting the release schedule or deadline: average challenges
  - Unacceptable amount of bugs in production: minor challenges
  - Getting feedback from testing: minor challenges

### Company Profile

The company featured in this case study asked to have its name publicly blinded because publicly endorsing vendors is against their policies.

TechValidate stands behind the authenticity of this data.

Company Size:  
**Small Business**

Industry:  
**Computer Software**

## Use Case
