Case Study: The Super Dentists

Introduction
This case study of The Super Dentists is based on a September 2014 survey of Intacct customers by TechValidate, a 3rd-party research service.

“Since switching to Intacct, the ability to do multi-entity consolidations has been our most significant benefit.”

Challenges
- Used QuickBooks prior to switching to Intacct
- Challenges faced prior to moving to Intacct:
  - Excessive manual data entry/re-entry

Use Case
- Financial systems evaluated before selecting Intacct:
  - NetSuite
- Chose Intacct over other solutions for the following reasons:
  - Ease of use
  - Superior reporting capabilities
  - Depth of accounting and finance features
  - Scalability and ability to support growth
  - Multi-tenant cloud delivery model
- Financial management and accounting processes streamlined using Intacct:
  - Month-end close
  - Consolidations and multi-entity management

Results
- Freed up about one-quarter of their finance team’s time to focus on more strategic activities since switching to Intacct.
- Reduced the time needed to complete month-end close by approximately one-third since switching to Intacct.
- Benefits from Intacct’s reporting and dashboard capabilities:
  - Faster creation of management reporting packets

Company Profile
- Company: The Super Dentists
- Company Size: Medium Enterprise
- Industry: Health Care
