

5/5 Stars

How our organization uses ALPHACAM:

“ We have a Weinig Conturex, we batch-file from Excel through an ALPHACAM post. We do around 20% of the work Klaes can't manage.

We also have a Homag CNC with post using Polyboard Kitchen manufacturing software.

Why I recommend ALPHACAM:

“ To anyone who has “Non-Standard” applications I would thoroughly recommend ALPHACAM software.
