

NETSCOUT ARBOR EDGE DEFENSE AND/OR ARBOR CLOUD CUSTOMER  
FACT

## State College chose NETSCOUT solution to effectively stop state- exhaustion DDoS attacks and improve security posture

IT Director of State College with 10 campuses  
says Arbor Edge Defense is extremely  
important for stopping inbound and outbound  
threats at perimeter while Arbor Managed  
Services is extremely important for day-to-day  
DDoS management and optimized protection
