# IT Director says actionable visibility makes dollars and sense for the government and keeps businesses and citizens safe

★★★★★

5/5 Stars

Describe your latest experience with NETSCOUT product or support

" My teams use the tools on a day-to-day basis. We are extremely pleased with the results, including improving **visibility by more than 50%**.

Would you recommend NETSCOUT solutions, and if so, why?

" NETSCOUT makes a huge difference on how a network runs. Consistent performance and security monitoring, at scale, **protects critical applications and services**.
