Switching from Paper to Automation: Mid-Cities Church Saves 10+ Hours/Month with Nexonia

Introduction

This case study of Mid-Cities Church is based on an August 2020 survey of Nexonia by Emburse customers by TechValidate, a 3rd-party research service.

> "Our corporate cardholders spend far less time agonizing over receipt submission and coding. This was a source of extreme contention among our less administratively gifted employees, so having it more automated has really helped them." – Brandon Davis, Controller

Challenges

Before Nexonia, Mid-Cities Church used a paper-based, manual process which led to the following business challenges:

- Automating the expense management process
- Enforcing expense policy compliance
- Reconciling corporate cards
