

5/5 Stars

How our organization uses OpenSesame's DEI courses:

“ We are assigning two courses to all people leaders. Our D&I program will be introduced by our owner and include focus groups, assessment of vendors and other programs moving forward.

Would you recommend OpenSesame's DEI course?

“ YES!!!! The variety of offerings is great but for us it was the speed to market and customer support that were AMAZING!!! We will use OpenSesame for more content in the future.
