

## Why EnerSys Inc. recommends OpenSesame

4.5/5 Stars

How our organization uses OpenSesame:

We use OpenSesame in two ways:

1. We have a catalog library available to all employees for their use.
2. We incorporate OpenSesame courses into the existing curriculum for safety, electronics, management development, and basic skills.

Would you recommend OpenSesame?

Yes. There is no other source or provider that can offer the **breadth of courses and publishers** that OpenSesame does.
