

Michael Nomura, a Laboratory Supervisor at St. Vincent Medical Center, would be very likely to recommend PDC Healthcare Laboratory labels for this reason:

“ PDC provides a laboratory with the ability to order and receive labels for almost anything a laboratory may need. If they have it in stock or if it was previously made, then we get the product fairly quickly. However, if this label is something new PDC will work with us and our team to make a new label to our specifications, which I feel is the value added by this company.
