

## Customer Review for PDC's Timestrip Blood Temp 10 from Riverside Health Systems

5/5 Stars

Why did you give PDC's Blood Temp 10 blood temperature indicators that rating?

“ We love the storage, ease of use, and the high quality behind this product.

Please describe the greatest benefit that PDC's Blood Temp 10 blood temperature indicators have provided to your hospital.

“ These temperature indicators save us time during Trauma codes when time is everything. With the product we used previously, we had to attach to the unit at the time of dispense. With this product, we can activate and place on the units while still in the refrigerator tagged and ready to go.
