

Our designated Account Manager at PitchBook, has always been a great support in helping us craft accurate and comprehensive search parameters, sending us the details after our calls. She recently offered to come to our offices to lead a demo, which we will definitely be taking her up on! She also clearly presented terms and pricing to us when it came time for renewal, and it came across as fair, measured, and just flexible enough-off the back of which, **we elected to sign a three-year contract with PitchBook.**
