

CLC Microbial Genomics Module

5/5 Stars

How our organization uses the CLC Microbial Genomics Module:

I do many 16S projects.

I also do many ITS (fungal) projects.

I occasionally run metagenomics, or transcriptomics.

Most of our work is agricultural related. So soils, water, compost

Would you recommend the CLC Microbial Genomics Module?

Yes, because it's got everything I need for 16S and ITS analysis in one convenient place.
