Please describe how the Qlik Education training programs helped you be more successful in your job role.

“ I have a management role and it was difficult for me to understand the language used by my IT contractor who develops the Qlik apps. After the training, not only could I lead the project better, I could develop simple dashboards on my own.

Please describe what you found the most valuable about Qlik Education compared to other software training.

“ The instructor was extremely knowledgeable and was a good teacher. They paced the class correctly and had a well thought out curriculum which was delivered in a good sized classroom with PCs that were correctly set up from the get-go.
